**What's New At Our Shop**  
**Electric Bikes!**

**Our Gift Shop has unique and fun items!**

**Electric Bikes**

Each season we bring in fun **apparel** and **Tilly hats**, as well as **home goods** and **unique gift items**. We also carry an amazing line of electric bicycles, the **ProdecoTech Electric Bike**.

All of the ProdecoTech electric bicycles are built by hand and carefully constructed, right here in the USA at their 60,000 sq ft South Florida facility. They offer a two year warranty on frames, as well as a standard two year warranty on any structural and mechanical defects resulting from normal wear and tear, including the battery and motor. And best of all, when you need a replacement part they guarantee it actually will be in stock and available in a timely manner. We selected this line of electric bicycles as they are high quality, low maintenance, lightweight, eco-friendly and affordable.

One of their folding models is the perfect bike to travel with. You get your exercise and the ability to go for longer rides without the worry of getting stranded. The batteries give you an average range of 35 miles. We offer a number of different models to choose from. By purchasing from us there is no sales tax in Montana and we can ship it to you.

**New items are arriving all the time!**
