

**Special limited time offer for Prevost Owners Group Members**

**Official 1:64 Scale Prevost Die Cast Replica Collectables**

Prevost is proud to announce the launch of a new **“Official Prevost Die Cast Replica”** program. This program features 1:64 scale replica versions of the *Prevost XLII Conversion Shell and X3 Passenger Coach*. These eight inch models, crafted by Tonkin Replicas, are painstakingly detailed, scaled to perfection, and reflect the quality expected of the Prevost brand.

Each replica unit commissioned to be produced will be a limited edition production run and documented as part of a new Prevost-only collector’s series. Once a production run is sold out, there will never be any additional units produced, making the units sold instant collector’s items. There have been thirteen units commissioned for the initial Volume 1 offerings, to be released in 2010.

Prevost has made special arrangements for Prevost Owners Group Members to purchase the inaugural first conversion shell unit, an **“XLII Shell Blue / Silver Factory Demo”**, at a special discounted price. *Only 400 of the 525 produced Prevost XLII Shell Blue / Silver Factory Demos will be offered for sale to the public.*

Log onto [www.prevostdiecast.com](http://www.prevostdiecast.com) and use the special employee discount code **“POG”** to place your order, and be one of the first to receive this extremely limited edition “Official Prevost Die Cast Replica.”

-----
