

## 2007 Marathon Triple Slide #1040

74,000 original miles 1,100 Hrs GenSet

Pre-émission Detroit 60 Series 515 HP w/ retarder

We again have acquired another Marathon coach, that has allowed us to show what are “Core Standard” is, in bring a coach up to today expectations. But, what will make this coach stand out, is a rare if not one of kind floor plan. The two rear Valid slides, which offer just short of 5 ft of extension, has been move 2 feet forward, with a full size vanity w/make up stool and Asko washer dryer combo just forward of a full size rear wall to wall walk in closet. Add the fact, that once again, we have installed a custom made “true” King Size new mattress ( 76” x 80 “,) and you’ll witness one of the largest masters we have seen in the industry. All new bedding with 800 pt sheets, pillowcases, pillows and throw pillows and new side table lamps. Then, we carpeted the interior room, with the highest crushed pile carpet on the market and recovered the passenger side bench seat.

### Coach Updates 2024-2026

Michelin 315s and 365s tires (6) LifeLine 4 D Coach Batteries

(4) 31 Series Chassis batteries (4) Mach 8 Roof ACs

(2) I Pads w/Salon...Slide...Master...Bay Samsung Smart TVs

WineGard In Motive Sat WineGard Air Roof mount StarLink Sat system

This low mileage coach has a lot of previous service records available. We were able to acquire this coach from a couple that had simply aged out of coaching and had a great relationship with the San Antonio Fla service team at Marathon. We have spent 100s of man hours ( which is common with our updating ) to bring this 2007 to it highest expectations. Both the interior and exterior of this coach are attention “getters” and with these updates brings this coach to 2026 expectations....come see it to believe it .....
